Ask your partner:

- Who usually fixes things in your house?
- Do you prefer to fix something that is broken, or buy something new? Explain.

Instructions: Read the text aloud.

- Sally:** Hey, come in! How are you? How are the renovations coming along?
- Vanessa:** I got someone to put in a bay window in the front, but other than that they are happening slowly.
- Sally:** A bay window! How nice! These house problems seem to be contagious. Now, I'm having a few issues of my own!
- Vanessa:** You're kidding!
- Sally:** Come over here and check this out.
- Vanessa:** Oh no! That is a huge stain!
- Sally:** The rain is seeping into the house because the shingles on the roof are peeling off.
- Vanessa:** You should have a roofer look at that right away! You will definitely have to get someone to repair it.
- Sally:** Yeah. First I thought I might try to look at it more closely myself.
- Vanessa:** Okay, let's get out the ladder and inspect the roof.
- Sally:** Are you going up the ladder?
- Vanessa:** Sure.
- Sally:** Okay, tell me exactly what you see.
- Vanessa:** I am trying to figure out where this enormous gaping hole came from. Come and take a look.
- Sally:** Okay. Geez. It looks like I have to get a professional to assess what's happening here. In the meantime we are going to the hardware store to get a tarp so the rain can't get in. We'll get Peter to help us put it on the roof.
- Vanessa:** I'm afraid I can't stay right now because I'm having Anna cut my hair at 3. I hope you and Peter can manage.
- Sally:** Of course we can. With my tool box and Peter's help, we'll know what to do.

Subject + *have* + agent + base form of the verb + object

*You **should have** a roofer **look** at that right away!*
