Let's Start!

What else needs to be done?

Learning Outcome

Describe ways of solving problems and getting things done in work and social contexts.

Ask your partner:

- How much time do you spend in your kitchen?
- Would you like to remodel your kitchen? If so, how?

Can Do Statements

- I can talk about household problems.
- I can talk about things that need to be done.
- I can talk about things that I'm doing and things that are happening.

Let's Explore!

Vanessa's kitchen needs to be finished!

Instructions: Read the text aloud.

- Vanessa:** Let's just go in and see what needs to be done. The contractor said they were nearly finished.
- Sally:** Wow. Are you also putting in a marble countertop?
- Peter:** You know it needs to be treated with a protective sealer, right?
- Vanessa:** Don't worry, I know about that. It also needs to be cleaned with the right cleanser.
- Sally:** These faucets are beautiful!
- Vanessa:** Yes. They combine aesthetics and functionality. Also they won't drip! Oh-oh. This needs to be changed!
- Sally:** What are you talking about?
- Vanessa:** The dishwasher. It needs to be taken back. It's too small for the space. I also asked them to open up the wall more. This wall needs removing. I wanted more of an open-concept area. Gosh, I wonder what the estimated day of completion is. I'm getting fed up with these renovations.
- Peter:** Well, the floors, island and most of the drywall have been installed. The place needs painting and the countertop needs to be sealed and installed. That wall can be taken down without too many issues. I think you should estimate one week.
- Sally:** One week! With my renovations, things are always stopping and starting. The workers are doing other jobs at the same time so you never know when they will be there. Once, four days went by and nobody showed up to work on my place!
- Vanessa:** That really annoys me.
- Peter:** Does anything else need fixing?

Let's Practice!

Learning Points

Present Continuous Tense

You use the Present Continuous tense to talk about an action that is happening or in progress at the moment.

The question form of the Present Continuous tense is as follows:

Be verb in simple present	Subject	Main verb + ing
Are	you (also)	putting ... ?
(What) are	you	talking (about)?

Examples:

- **Are you also putting** in a marble countertop?
- With my renovations, **things are** always **stopping** and **starting**.
- **The workers are doing** other jobs at the same time so you never know when they will be there.
- **I'm getting** fed up with these renovations.

Learning Points

Need + Passive Infinitive and Need + Verb + ing

Need + passive infinitive and **need + verb + ing** are two structures you use to talk about fixing problems. You use these structures to imply that we don't know who will fix the problem, or that the person fixing the problem is not the focus of the sentence.

You can use *need* + passive infinitive and *need* + verb + *ing* in question form and negative form.

need + passive infinitive

*This **needs to be changed!*** (affirmative)

*This **doesn't need to be changed.*** (negative)

*Does **this need to be changed?*** (question)

need + verb + ing

*This place **needs painting.*** (affirmative)

*This place **doesn't need painting.*** (negative)

Does** this place **need painting? (question)

Examples:

- *It also **needs to be cleaned** with the right cleanser.*
- *This **needs to be changed!***
- *It **needs to be taken back.***
- *This wall **needs removing.***
- *The place **needs painting** and the countertop **needs to be sealed and installed.***
- ***Does** anything else **need fixing?***
